

Construction Updates

Below is the most current schedule for planned maintenance work & facilities closures affecting owners and guests. The resort will do its utmost to keep any disturbance to the minimum and we like to apologize in advance for any noise the maintenance may cause to you during your holidays.

The ongoing renovations and preventive maintenance will ensure the upkeep of the resort for your upcoming holidays. Please note that this schedule only covers larger projects that are scheduled now. Other repairs or maintenance may occur throughout the Resort on an ongoing basis and are not noted on this schedule.

We recommend that owners and guests contact the Resort on a regular basis about maintenance projects by phone at +34 952889230 or by email at guest.playa@vacationclub.com.

1. During the apartment's annual maintenance, special allocation request may not be available. Please be aware that during certain times of the day, you may experience some levels of noise. If you have any special request, please contact the resort team directly.

A.B.C. During the ADA apartment's Hard Redo, special allocation request may not be available. Please be aware that during certain times of the day, you may experience some levels of noise. If you have any special request, please contact the resort team directly.

2. During works for the lift replacement certain times of the day, you may experience some levels of noise. The guest elevator will be available.
3. By Spanish law all outdoor pools must remain close during lifeguard absence. The pool deck of "La Fuente" (Main pool) will be available for sunbathing. The children's pool "La Tortuga", and the activities pool "El Lago" will be close. Children using the swimming facilities need to be always under parent's supervision. Please be advised that the outdoor pools are not heated.

4. During the outdoor pools' annual maintenance, the Indoor pool, Sauna, Steam Room and changing facilities will be available. Outdoor pool work schedules can change as they rely in weather conditions. Please be aware that during certain times during the day you may experience some levels of noise. The pool deck will be available in other pool areas.

5. During the Indoor pool annual maintenance all Outdoor Pools will be available. However, please be aware that during certain times of the day, you may experience some levels of noise. During the renovation work you may have limited access to the changing facilities. Access to the steam room, sauna & showers may also be restricted.
